Also, when shopping in Castle Rock and Parker: **Murdoch's**

**Dover**, in Parker, is a complete English tack store with extensive inventory.

[shopponyclub.org](http://shopponyclub.org) is the store found on the USPC (United States Pony Club) website.

**Helmet Fit:** *Whenever possible, have an experienced sales person help you find and fit the helmet. Please do not remove the tags until the fit is approved by your instructor! Used helmets are not returnable.*

All regular students are strongly encouraged to obtain and study a copy of the **USPC D Manual of Horsemanship**. This is a trusted textbook for riding and horse care and helps establish a common reference and language for understanding the standards of learning. There are many excellent books available that cover specifics of different disciplines, etc., and I am happy to provide a suggested reading list.

*Text, call, or email me with any questions you may have.*

*Thank you!*
