**Short Notes:**  
 Take care of your horse and he will take care with you. Clean up after your horse. Learning how to speak horse is like learning a silent strong language. Have patience and pay attention. Think before you act. Have a dream and work hard for it! Riding and being with horses offers benefits that can last your whole life. Cry a little and laugh a lot! A horse can be your very best friend, ever.

## Current Students Lesson Pricing Notice

The price of keeping horses is going up and I have had to change some lessons prices to continue the services of EquesTraining. The Introductory private lesson price and the single private lesson price are both \$75. If you are a regular rider with us and have the 12 lesson contract price, based on 4 lessons per month, that is \$795, or \$265 by the month, in advance of services, check or cash. Shared lessons may be arranged, also on a 12 lesson contract basis for each rider. The cost for shared lessons for 2-3 people is \$240 per month in advance, or \$720 for 12 lessons. Online payments via paypal incur additional fees for that service. Please note that a signed lesson contract is necessary to receive the discount price. Your check or cash is welcome.
