

Integrating the **Enochian Solar Calendar** (364 days per year) and the **Ethiopian Canon's Epochal Model** (the *Apocalypse of Weeks* in **1 Enoch 93** and the **Jubilee Timeline** of *Jubilees*) with the **6,000-Year Creation Week** (where 1 Day = 1,000 Years) maps out a complete timeline from the Garden of Eden to 2026, pointing toward the close of the 6th Day.

The Underlying Calendar Mathematics

1. **Enochian Solar Year: 364 Days** per year (52 \text{ weeks} \times 7 \text{ days}).
2. **Standard Solar Year:** ~365.242 days per year.
3. **The Calendar Differential:** Every 364-day Enochian year runs **1.242 days faster** than the modern Gregorian system.
4. **The Epochal Mapping (1 Day = 1,000 Years):**
 - **Creation to 6th Day Close:** 6,000 Divine Years (6 \times 354,000 \text{ to } 364,000 \text{ physical days}).
 - **The 7th Day (Millennial Rest):** Years 6,001–7,000 (Christ's 1,000-year reign).
 - **The 8th Day (Eternity / New Jerusalem):** Post-Millennial state beyond time.
- **The Creation & Eden Alignment (Start of Day 1)**
0 A.M. (~3975–4000 BCE)
 God creates Adam and Eve. According to the *Book of Jubilees*, Adam and Eve spend 7 years in Eden before the Fall in the 2nd Jubilee. Free will is tested, and the human timeline begins counting toward the 6,000-year completion.
- **Close of the 1st Day (The Translation of Enoch)**
1000 A.M. (~2975 BCE)
 Enoch is born (622 A.M.) and translated to heaven without seeing death (987 A.M. / *Jubilees* 4). Enoch receives the 364-day solar calendar and the **Ten Weeks Prophecy** from Angel Uriel, laying the heavenly blueprints before the Flood.
- **The Great Flood & Preservation of the Seed**
1656 A.M. (~2319 BCE)
 Noah enters the Ark. The Watchers are bound beneath the earth for 70 generations (**1 Enoch 10**). God re-establishes the 364-day covenant calendar with Noah (**Jubilees 6**).
- **Close of the 2nd Day (The Abrahamic Covenant)**
2000 A.M. (~1975 BCE)
 Abraham receives the Promise and circumcision covenant (**Jubilees 15**). The 2nd Millennium ends, marking the transition from the ancient patriarchal world to the formal Covenant Nation of Israel.
- **Exodus & The Giving of the Law (50th Jubilee)**
2450 A.M. (~1525 BCE)
 Moses leads Israel out of Egypt in the **50th Jubilee** from creation (*Jubilees 50*). God commands Israel to count Sabbaths and Jubilees (49-year cycles) to keep earth aligned with heaven.
- **Close of the 3rd Day (The First Temple & Solomon)**
3000 A.M. (~975 BCE)
 King Solomon completes the Temple in Jerusalem. The 3rd Day closes at the peak of the Israelite Kingdom, establishing the physical sanctuary pattern of the heavenly throne.
- **Close of the 4th Day (The First Coming of Christ)**
4000 A.M. (~27–31 CE)
 Jesus Christ (the Second Adam) begins His ministry at the end of the 4th Day / 40th Jubilee period. He surrenders His will in Gethsemane, dies on the cross, and rises

- again—opening the dispensation of the Holy Spirit and grafting in the Gentiles.
- **Close of the 5th Day (The Middle Ages & Dispersion)**
5000 A.M. (~1027–1031 CE)
 The Gospel spreads across the earth through tribulation. Israel remains dispersed, and the church navigates centuries of spiritual warfare, preserving the ancient scriptures (including the Ethiopic manuscripts).
 - **The Climax of the 6th Day & The Birth Pains**
5990–6000 A.M. (2026 CE)
 We reach the closing boundary of the **6th Day** (6,000 years from Adam).
 - Under Enoch's 364-day solar count and Jubilee calculations, 2026 sits at the convergence of the **120th Jubilee** ($120 \times 50 = 6,000$ years) and the final birth-pain contractions.
 - Israel and the grafted-in saints are called to operate in the **Sevenfold Spirit**, purge self-will, and prepare for the Son to reclaim the earth.
 - **The Millennial Sabbath Reign (The 7th Day)**
6001 A.M. (The 7th Day)
 Christ returns with the saints to bind Satan (**Revelation 20, 1 Enoch 62**). The 1,000-year Sabbath Rest begins, fulfilling the 7th Day where righteousness covers the earth as waters cover the sea.

The Synthesis: Where 2026 Sits on the Map

CREATION → [DAYS 1-4: 4000 Yrs] → [DAY 5: 1000 Yrs] → [DAY 6:
 1000 Yrs] → [2026: THE THRESHOLD] → [DAY 7: SABBATH]
 (Eden) (Prophets/Kings/Cross) (Dispersion) (Gentile
 In-Grafting) (Close of 6th Day) (1000-Yr Reign)

By layering Enoch's 364-day calendar, Jubilees, and the KJV timeline together:

1. **The 6th Day is Expiring:** 2026 marks a major prophetic marker on the 120th Jubilee timeline, signaling that the labor contractions of the earth are completing the 6,000-year week of human self-rule.
2. **The Shift in Governance:** As the 6th Day closes, believers are called to abandon the *permissive will* of the flesh, align with the *perfect heavenly order*, and enter the rest of the **7th Day Kingdom**.
