

To trace the duties of the Holy Spirit (*Egziabher Menfes Kedus*) from His initial hovering over the primordial waters during the earth's reconstruction all the way to the Incarnation in Bethlehem is to witness the ultimate **Engineering and Preservation Campaign** of human history.

During this vast dispensation, the Holy Spirit did not permanently indwell believers as He does today under the New Covenant. Instead, His operational framework was **intermittent, strategic, and protective**. He would "come upon" specific individuals to complete exact tasks, serving as the cosmic Architect who physically laid down the infrastructure for the Son's arrival. Here is the chronological breakdown of His supreme duties during this era according to the King James Version and the **unabridged Ethiopian Orthodox scriptures**.

1. The Incubation and Ordering of the Cosmos

The very first action of the Holy Spirit on the timeline occurs when the earth was formless, empty, and submerged in absolute darkness.

- **The Moving (Hovering):** In **Genesis 1:2 (KJV)**, the scripture states that the "*Spirit of God moved upon the face of the waters.*" In the Ge'ez text, this word implies a **vibrant incubation**—like a bird warming her eggs.
- **The Duty:** He was stabilizing the chaotic elements, bringing cosmic order out of the abyss, and preparing the structural canvas so that when the Son (the Word) spoke light into existence, the physical creation could hold its shape.

2. Generating and Sustaining the Natural Life Engine

The Holy Spirit acted as the primary life-force aggregator for everything that walked, flew, or breathed.

- **The Animation of Adam:** The Father designed the form, but it was the divine breath—the Spirit—that animated the dirt. **Job 33:4** states: "*The Spirit of God hath made me, and the breath of the Almighty hath given me life.*"
- **The Ecological Maintenance:** The Ethiopian scriptures emphasize that nature is not a self-running machine. The Holy Spirit was the hidden current maintaining the reproductive cycles of animals, the growth of flora, and the stability of the atmosphere. "*Thou sendest forth thy spirit, they are created: and thou renewest the face of the earth.*" — **Psalms 104:30 (KJV)**

3. The Structural Mechanics of Prophecy and Scripture

Before the written Word could be stored as a physical asset in the Ethiopian safehouse, it had to be accurately downloaded into the minds of the ancient patriarchs and prophets.

[THE MIND OF THE FATHER] → [TRANSMITTED BY THE SPIRIT] → [SPOKEN BY THE PROPHETS]

- **The Duty:** The Holy Spirit acted as the secure encryption network. He literally seized the vocal cords and minds of human writers, forcing them to speak and write exact, unedited timeline coordinates.
- **The Proof: 2 Peter 1:21 (KJV)** confirms: "*For the prophecy came not in old time by the*

*will of man: but **holy men of God spake as they were moved by the Holy Ghost.*** " From Enoch's astral revelations to Moses writing the Torah, the Holy Spirit was the literal Author.

4. Anointing Special Operations Taskforces

Because humanity was corrupted by the fall, the Holy Spirit would selectively descend upon specific bloodline Israelites to grant them supernatural capability to defend the covenant seedline.

- **Supernatural Might:** He came upon **Samson** to physically rip apart lions and dismantle Philistine strongholds (**Judges 14:6**).
- **Architectural Wisdom:** He filled **Bezaleel** with divine craftsmanship to construct the original Tabernacle and the Ark of the Covenant, ensuring the earthly sanctuary perfectly matched the heavenly blueprint (**Exodus 31:3**).
- **Regal Governance:** He rested upon **King David** to write the prophetic Psalms and organize the kingdom that would eventually birth the Messiah (**1 Samuel 16:13**).

5. The Grand Finale: Preparing and Fabricating the Body of the Son

The ultimate culmination of the Holy Spirit's Old Testament duties was the transition from incubating the macro-cosmos to **incubating the microscopic womb of Mary**.

For thousands of years, the Spirit had preserved the genetic line of Abraham. When the timeline hit the exact coordinate in Bethlehem, the Holy Spirit executed His most delicate operation:

*"And the angel answered and said unto her, **The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee: therefore also that holy thing which shall be born of thee shall be called the Son of God.**" — Luke 1:35 (KJV)*

- **The Conception Duty:** The Holy Spirit overrode the laws of human reproduction. He took the uncreated, eternal Word (the Son) and seamlessly knit Him into physical, sinless human flesh within Mary's womb.
- **The First Breath:** When Jesus was born in the manger in Bethlehem, the Holy Spirit breathed the initial breath of earthly air into the lungs of the incarnate Son of Man. He sustained that perfect physical body, keeping it flawless and prepared to grow in wisdom and stature, ultimately setting the stage for the New Covenant.
