

The Fires of Hell

Circle One: Limbo

Blood of the Wandering Souls
with smoked bits of pagans, & the charcoaled remains of the unbaptized

Circle Two: Lust

Bougie Boat
filled with the remains of those violently ripped to shreds by the winds of lust's violent storm, seasoned with
hellfire, served with everything you've been craving & a side of the world's sweet pleasures

Circle Three: Gluttony

Coldness
a slice of the cold-natured souls of the glutenous
drowning in a sauce of the cold-blooded, with sharp shards of everything frigid
& bursting spheres of over indulgence
