

CAPABILITY STATEMENT

COMPANY OVERVIEW

Ceda-Tex Services, Inc. is a Texas-based corporation established in 1998 to capitalize on available opportunities in construction services across the state. We are often recognized as the Prime General Contractor on our projects with a clientele consisting of Federal & State Government agencies, County & City agencies, Independent School Districts, and private commercial companies. We are experienced in commercial construction processes, with an emphasis on interior finishes and ADA upgrades. Our organization has 4 certified employees with access to augment experience staff through employment agencies that we have longstanding relationships with. The company has a solid financial credit history, an insurance capacity of up to \$5.0 million, and a bonding capacity of up to \$1.0 million.
