WINTER EDITION 2020

**Another
Bruce
Puppy
Nebbr Reg**

A successful year for Bruce

Bruce went out for public stud this year and was bred to 3 bitches and produced 4 litters , yes you read that right .

So Bruce did his 1st breeding to a performance Staffordshire bull terrier and produced 8 pups . His 2nd was a lovely bulldog Nebbr registered , the lady asked if I could do an AI and if she could take the semen with her which I thought was a bit odd , but I did what was required and low and behold two litters for the price of one . She split the semen between two sisters that were in season and both took 7 in one litter and 9 in the other litter. The 3rd or 4th litter (depending on how you look at it) was again to a lovely Nebbr girl that produced an extremely bully litter of 4 . I did recommend blood tests on each occasion the only person that tested her bitch was the lady which took the semen away , it obviously paid off as she had two litters for the price of one.

A lilac tri from the last litter
on the right

On the left 10 pups Performance staff x Bruce lots
of chocolates and tri coloured dogs all looked like
heavy built staffs

A catch up on my Foundation Bitch Quinny

Quinny was the result in the planned breeding of my KC Bulldog Dusty x With a Champion to Champion bred standard American Bully. There has been much thought that went into this breeding and the breeding plan behind this. Shortly I will add another page to the website with a complete breeding plan and make up of the Alternative bulldog strain we will be taking forward.

Quinny is a very athletic foundation bitch , she laps up exercise of any description and can easily do a 10 mile walk.

If you want to contact me feel free to go through the websites contact via phone email or messenger

Hope you enjoyed the Winter Edition catch up , next news letter in Spring subscribe or contact me for a chat via the website or FB links in the website. See you in the spring , stay safe .
