About Pepper

A book fanatic, Pepper North takes a little time from away from her e-reader to concoct naughty stories for her readers. She dreams and designs her erotic books from her secret location in the Midwest. Distracted by two adorable cats and a techie husband, Pepper hopes that you will enjoy her books as much as she enjoys writing them for you.

Pepper is a proud member of the Erotic Authors' Guild and is a PAN member of the Romance Writers of America.
