

A graphic of a spiral-bound notebook with a green cover and a white page. The page has light blue horizontal lines and a red vertical margin line on the left. The spiral binding is on the left side. The top right corner of the page is folded over.

Welcome to:

The last Faculty Meeting
of the First Month
Of 2025.

Where has the time gone?

We often focus on our big goals,
long-term achievements, and
measurable progress.

*"Do not despise these
small beginnings,*

*for the Lord rejoices
to see the work
begin."*

Zechariah 4:10

However,

God invites us to celebrate even the small steps.

It may be that a student finally understands a math concept, improves their reading fluency, or shows kindness to another student.

These small victories might seem insignificant, but they are part of God's beautiful tapestry in Homeschool Companion.

Here are ten things to think about.

01

**Homeschooling is a marathon,
not a sprint.**

02

**Some days, the finish line is
out of sight.**

**The progress can seem slow
or even stagnant.**

A graphic of a spiral-bound notebook with a white page, a red cover, and a green background. The page has a spiral binding at the top. On the left side, there are two horizontal rectangular tabs, one yellow and one pink. In the center of the page, the number '03' is displayed in a large, bold, dark grey font, enclosed within a light green oval with a curved arrow pointing clockwise. Below the number, there is a block of text in a bold, black, sans-serif font.

03

**Each small success—every question
answered, every new skill learned,
or good attitude displayed—
is worth celebrating.**

04

**Think about how God works
in the small things.**

**Jesus used five loaves and
two fish to feed thousands**

05

**He defeated a giant using a boy,
a sling, and five little stones.**

06

**He began His church with a
group of only twelve
disciples.**

07

**God doesn't need
grand gestures
to do great work.**

08

**He often uses the small,
faithful moments
to build something
incredible.**

09

**As homeschool leaders, we must be faithful
in planting seeds.**

**Some seeds will take root and grow quickly;
others may take years to bear fruit.**

A graphic of a spiral-bound notebook with a white page, a red cover, and a green background. The page has a spiral binding at the top. On the left side, there are two horizontal rectangular tabs, one yellow and one pink. In the center of the page, the number 10 is displayed in a large, bold, dark grey font, enclosed within a light green oval with a circular arrow pointing clockwise around it.

10

**Remember, God uses moments
to shape hearts, minds, and
characters
according to His purposes.**

What can we do?

How can we remember
what God has done
and show others
what He is doing?

Here are some suggestions.

Create "Victory Posts"

Make memes that we can share.
Post them on our Facebook page.
Review the posts at the end of each
week to see how far we've come.

Celebrate Daily Progress:

At each faculty meeting, take a moment to reflect on what went well: a student learned something new or showed perseverance in a complex subject.

Write it down and share it.

Speak Words of Affirmation:

Encourage each other by pointing
out efforts and progress.
Celebrate academic achievements.
Share with everyone!

Give Thanks to God:

Take a moment in prayer to thank
God for the victories, no matter
how small. Recognize His hand at
work in our students
and with our team.

Model Gratitude

Celebrate the small moments to show
that even in challenging seasons.

We can choose joy.

Focus on God's faithfulness.

**I am not saying that
we are not doing
these things...
But we need to be
more intentional,
Show the
world!**

"Do not despise these
small beginnings,
for the Lord rejoices to
see the work begin."

Zechariah 4:10

Let's Pray

Lord, thank You for the small victories
You allow us to experience daily.

Help us recognize and celebrate our
progress, even when it feels slow.

Give us patience, faith, and joy in this
homeschooling journey.

Remind us that You are working
through the small things to accomplish
Your perfect plan.
