Performer/Technician

Role/Crew Designation

Complete form below with your current performance biography of no more than seventy (70) words in length. If you wish to author an entertaining biography instead of a listing of past productions, please stay within the word length limit. All Biographies should be written in third person format. For new performers who have never completed a biography, a sample biography is listed on the reverse side of this sheet as a guideline. Biographies are required of all actors and technical personnel. These sheets are due for return to the Assistant Director, completed, within the first week of rehearsals.

Failure to do so will result in said person's bio not being listed in the program.
