Treasury & Membership Report - Donna Pezzi

Donna briefed on several items.

- Expenses and Deposits for last year were reported.
- We currently have a balance of \$9,806.48 in the bank.
- The SCCA is thankful to our volunteers who have offset much of the expenses.
- We are in good shape financially; however, our expenses exceeded our deposits, and we would like to encourage increasing our Membership.

Annual membership remains at \$25 for the year. Let's get the word out that:

[it's time to renew!](#)

Donna reminded the membership that we are an inclusive social organization, so if you know others who do not live in our area that want to join, by all means they are welcome.

Newsletter/Communications

Several people mentioned that they did not receive our communications so we will investigate those specifics.

Opened the meeting floor for Suggestions/Questions

- We had several new members from the Ocean Drive/West Shore side of Summerland which is wonderful - they asked if there was a place to include a sign posting our upcoming events such as what we do at the entrance to the Cove?
- A suggestion for a light-hearted play was presented by Susan who has offered to write the script (proposed for next Feb).
- Halloween party where several homes set up tables and offer an appetizer or beverages for the adults.
- Fishing Club - Nath asked if we could have a fishing club for those who want to share info such as 'what they've been catching', etc.
- Someone asked if we would be having any dinners or Happy Hours at a nearby outdoor restaurant/venue?

Everyone mingled for the social aspect over dinner and desserts. Very nice ;)
