Dear Marcy,

We continue to be inspired by the kind gestures of the people in our community. A heartfelt  
**THANK YOU** for your generous donation of canned goods collected during your  
neighborhood food drive.

The benefactors of your generosity are the underserved in our local community. The past two  
years have been challenging for many of our clients. Thank you for helping us make a positive  
impact on the lives of so many. We are appreciative and grateful to you and your neighbors for  
your support.

May God bless you abundantly for your kindness and generosity.

Sincerely,
