A Vertical Gated Village for the Modern Era

A new era requires new thinking.

It demands a new understanding of the home; how we live, interact, unwind, and be productive. Bringing together the finest architects, designers, and artisans to deliver this unique vision, Haraya Residences offers an uncompromising new perspective on cosmopolitan living.

Haraya Residences is a vertical gated village located at the heart of Bridgetowne Estate, featuring a collection of 558 beautifully appointed residences in the South Tower and more forthcoming in the North Tower.

Take in the soaring views; lounge in the lofty Italian-inspired loggias that redefine the experience of home living; rediscover a sense of freedom and vibrancy among the lush private landscapes and world-class amenities.

Welcome home to Haraya Residences.

Project Overview

The first phase of Haraya Residences is a 558-unit residential development in Bridgetowne Estate. It is a development of Shang Robinsons Properties, Inc. (SRPI), a joint venture between Shang Properties, Inc. and Robinsons Land Corporation.

Bringing together some of the world's foremost architects and designers—such as concept architect P&T Group, interior designer FM Architettura, and landscape architect P Landscape—Haraya Residences dramatically reimagines urban living through the lens of a vertical gated village.

Each of the stunning one-bedroom, two-bedroom, three-bedroom, and penthouse suites features views of the city, lofty Italian-inspired loggia terraces, and sweeping new spatial configurations that expand the very notion of a home.

Haraya Residences is home to a suite of world-class amenities located at the heart of the vertical gated village, including the beautiful tropical pool, an expansive gardenscape, exquisitely appointed private event rooms, and much more.

Features Summary

Number of residential floors	57
