About us

Established in the year 1985 at Amritsar in Punjab, Veekay Enterprises is one of the leading MANUFACTURERS AND SUPPLIERS of all Types of Screws and Hardware Goods. Under the efficient headship of CEO Mr. Vimal Aggarwal, we have acquired considerable knowledge of this domain and wish to continue the journey of success. Infrastructure

The presence of well equipped and spacious infrastructural set up ensures the production of a flawless range of products. We use the best quality raw materials and advanced technologies and also have the top-notch facilities for quality testing, warehousing and storage as well as packaging. The spacious warehouses are fully equipped with all the essential facilities required for safe storage and packing of the products is done using good quality packaging materials. Team

The company has well trained team of adroit professionals who have the skills as well as the knowledge of the finer nuances of this domain. Having extensive know-how of the conventions and a will to innovate, the team can cater to the bulk as well as specific requirements of the clients with effortless ease. Quality

We undertake stringent quality checks so as to ensure that we always succeed the expectations of the clients in terms of product quality. The quality checks are conducted at various levels during the production process under the supervision of our experts. In-House Brand

We have our in-house brand named INVENTO which has been recognized worldwide. Our brand is doing pretty well and earning a lot of appreciation from the customers due to the optimum quality and assurance. Other than this, we also have STEAMER and VENTURE brands that are moving forward to achieve a new level.

Show faith in us and soon we will be among the top list of the hardware industry!

AN ISO 9001:2015 CERTIFIED CO.

Ms Shaved Head Wood Screws

These are mild steel sheet metal screws with slotted head and sharp tips and half threads for joining two wooden objects. The quality and strength ensures that the joints remain long lasting and penetration is easy and the screw creates its own thread inside the material. Chose proper sized drill hole and screw driver.

Ms Hardened Self Tapping Sheet Metal Screws

These are mild steel sheet metal screws with Slotted & Phillips head with sharp tips and threads for easy penetration. The quality and strength ensures that the penetration is easy and the screw creates its own thread inside the material. Chose proper sized drill hole and screw driver. It is used where final finishing surface is flat and the head penetrates in the surface.

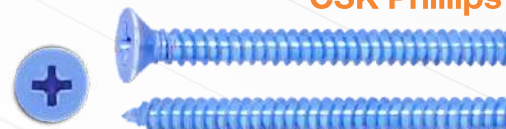

PAN Phillips

Application

- Sheet Metal Work
- Door & Window Hinges Fittings
- Wooden Furniture
- Electrical & Electronic Item Fittings

CSK Phillips

Drywall screws

Drywall screws are designed to fix plasterboard to timber or thin metal in partition walls. Drywall screws have bugle heads ensure a flush countersunk into the board without paper tearing. Fine threads assist fixing to metal stud and coarse threads for fixing to timber. The very sharp point is designed to pierce 1mm metal and ensures immediate and wobble free penetration of the board. Self-drilling fine thread drywall screws have a drill tip to penetrate heavier gauge metals.
