

## **Cataract Surgery Packet**

This surgical packet contains everything you will need to reference when scheduling cataract surgery at Hartman Eye Group. Please read every page before you schedule your date and time for surgery. Our surgical coordinator will be in touch should you have any questions. Thank you for choosing Hartman Eye Group and 20/20 Surgery Center.

# PRE & POST OPERATIVE INSTRUCTIONS

## *Within 30 days of your surgery date:*

- Schedule an appointment with your family physician. Please take the appropriate form found in your surgical folder after you have spoken to the surgical coordinator and have your surgical date(s).
- You will receive a telephone call a week to several days before your scheduled surgery. You will be told what time to arrive. Additionally, the nurse will review your medical history with you.
- Arrange transportation to and from the Surgery Center. You must have a responsible adult accompany you. NO EXCEPTIONS. (You may arrive and depart in a taxi only if a responsible adult accompanies you.)

## *Day before the surgery:*

- DO NOT EAT OR DRINK AFTER MIDNIGHT.

## *Day of Surgery:*

- You may take heart and blood pressure medication with a small sip of water.
- Bring your insurance cards with you.
- Bring a list of your medications including name, dose, and frequency.
- Do not bring valuables or jewelry with you.
- Wear loose fitting clothing, preferably a button down top.

## *Day after Surgery:*

- You can remove the patch and start your drops as directed. If you have any pain or decreased vision, please call 724-836-1177.
- If you are scheduled for a 2nd eye, please go back to your pharmacy to pick up a 2nd set of drops.

# POST OPERATIVE EYE DROPS

## HARTMAN EYE GROUP OFFERS 2 CHOICES IN ORDERING POST-OPERATIVE DROPS

Hartman Eye Group and 20/20 Surgery Center believe your post-operative drops should be reliable, convenient, and affordable. Unfortunately, antibiotics and steroids used after eye surgery can be expensive, even with good prescription drug coverage. They are, however, necessary to aid in the healing and success of the surgery. We feel our patients should have a choice in how they receive their drops without sacrificing continuity of care.

### **OPTION 1: SHIPPED TO YOUR HOME**

With this option, you will receive an antibiotic and steroid together in ONE easy to use bottle. It will be shipped FREE to your home, before surgery, at a cost of \$49.50 per bottle. One bottle is needed per eye. 1 drop is used 3 times a day for 3 weeks. YOU MUST PAY OUT OF POCKET for this option as it is not covered by any prescription plan. The pharmacy, Imprimis, will contact you directly to arrange payment or you can pay online and save \$5.00. If you have a fluoroquinolone allergy, (ciprofloxacin, gatifloxacin, moxifloxacin), you will not be able to use this option. See next page for Imprimis guide or go to [Imprimisrx.com](http://Imprimisrx.com)

### **OPTION 2: LOCAL PHARMACY**

With this option, two different prescriptions, one antibiotic and one steroid, are sent electronically to your pharmacy one week prior to surgery. One set of drops is needed per eye. Please inform the Surgical Coordinator of the name and phone number of your preferred pharmacy no later than two weeks prior to surgery. Our Surgical Coordinator's number is 724-836-1177, option 1.

# IMPORTANT PRESCRIPTION INFORMATION
