Subject: Requirement for Tuberculosis (TB) Test

As part of the licensing requirements set forth by the Michigan Department of Licensing and Regulatory Affairs (LARA) for individuals working in licensed childcare facilities, all employees must undergo a tuberculosis (TB) test prior to beginning work.

Please arrange to complete your TB test at your earliest convenience. Once completed, submit a copy of your test results to the Human Resources Department as proof of compliance with this requirement.

It is important to note that this test is mandatory to ensure the health and safety of the children and staff in our facility. Failure to complete the TB test may affect your eligibility to work in the facility.

If you have any questions or require further clarification, please feel free to contact Ashley Renter at aradder@yeseep.org

Thank you for your prompt attention to this matter.

Sincerely,

Larry Jenkins
