Read **Item C** below and answer the question that follows.

Postmodernists believe we have entered a new type of society, which is characterised by consumption, diversity, choice and globalisation. Furthermore, postmodernists argue that metanarratives are less useful for explaining how society works today.

However, Marxists and others are particularly critical of the view that we have entered a new type of society.

Applying material from **Item C** and your knowledge, evaluate the view that society today should be described as postmodern.
