

Steve Pimm

Case Manager &

Expert Witness

MOSAIC
CASE MANAGEMENT

Experience

Steve is a qualified physiotherapist with an MSc in Physiotherapy and specialises in neurological rehabilitation. He has been working as a Case Manager with adults and children since March 2013 and has held the position of Senior Case Manager for the last 11 years, achieving Advanced BABICM status in 2016.

Prior to starting case management Steve gained extensive clinical experience across NHS and private inpatient neurological rehabilitation and psychiatric services. This background has enabled him to develop a broad range of skills in managing complex presentations, clinical management, coordination of multidisciplinary teams, and supporting individuals with long-term neurological and mental health needs.

Between 2009 and 2022, Steve worked as CARF surveyor, providing neurological rehabilitation surveys internationally at facilities in USA, Europe and New Zealand.

Steve combines many years of experience working with a range of conditions in both clinical and leadership roles. He is available to provide Part 35 Expert “Care and Case Management” evidence.
