

Olga Chernyavska

Case Manager

MOSAIC
CASE MANAGEMENT

Experience

Olga is a qualified Social Worker with over 16 years' experience supporting adults with complex health, neurological, cognitive and psychosocial needs. Since 2025, she has been working within case management, applying extensive experience in assessment, care planning, risk management, advocacy and multi-disciplinary coordination.

Her background includes Adult Social Services, Safeguarding, Continuing Healthcare, hospital discharge, rehabilitation and reablement services. This experience has enabled her to develop strong skills in managing complex presentations, coordinating professionals and supporting individuals and families through health, rehabilitation and long-term care pathways.

Olga combines strong analytical assessment skills with a person-centred, outcome-focused approach, supporting clients to maximise independence, wellbeing and quality of life.
