

We Fit Together

Music & Lyrics By: Joel Hill

(1)

You're the cream in my coffee
The sugar in my tea
We fit together nicely
Like a lock and key
Like Romeo and Juliet
Before the final scene
We fit together
We're a Hell of a team
We fit together
We're a Hell of a team

(2)

Like birds of a feather
We're two of a kind
Two peas in a pod
Grapes on the vine
Like Samson and Delilah
Before they cut his hair
We fit together
Like a double dare
We fit together
We're a perfect pair

(Chorus)

*We're better together
Like a song and dance
We're better together
Like a long romance
We're better together
Like hugs and kisses
We're better together
As Mister and Missus*

(3)

You're the prize in my Cracker Jacks
My rhythm and Rhyme
As a matter of fact
We're partners in Crime
Like Bonnie and Clyde
Before their final ride
We fit together
Side by side
We fit together
Side by side

(4)

Joined at the hip
And stuck like glue
We're a partnership
A party of two
Like Butler and O'Hara
When he gave a damn
We fit together
Like a well made plan
We fit together
Hand in hand

(Chorus)

*We're better together
Like a song and dance
We're better together
Like a long romance
We're better together
Like hugs and kisses
We're better together
As Mister and Missus*
