

# What Could Go Wrong

Music and Lyrics by Joel Hill

- Verse 1**      **What could go wrong if on a cool Tuesday night?  
You all band together for the will of the right  
A show of might to continue the fight  
To rid this world of its terrible plight  
Oh Yea  
Uh Hum**
- Verse 2**      **What could wrong if I tell just a little lie?  
Fire from the sky from the good ol' 'merican Pie  
With a wink of the eye, it's the Fourth of July  
"Democracy" is our Battle Cry  
a Uh Hum  
Uh Hum**
- Verse 3**      **What could go wrong if I take some liberties?  
With the agencies that protect your privacies  
Justified by the casualties  
Perpetuates the calamities  
Uh Hum  
Oh Yea**
- Refrain**              **Hut, hut, hut, hut, hut, hut, hut**
- Solo Verse**      **Guitar**
- Verse 4**      **What could go wrong with all the riches abound?  
The fruits of your labor all come trickling down  
There's a check in the mail for your night on the town  
All to keep the economy sound  
Hum Yea**
- Verse 5**      **What could go wrong if we all knelt down to pray?  
A prayer for the day becomes the American Way  
Or there's Hell to pay on Election Day  
In God We Trust and the USA  
Oh Yea  
Amen**
- Refrain**              **Hut, hut, hut, hut, hut, hut, hut**
- Solo Verse**      **Guitar**
