Entries that are on paper will be required to be submitted **already attached** to a sheet of black construction paper that extends around the perimeter of the work by at least 1 inch. The school will be providing this paper for your use and there will sheets available by the office bulletin board and the teachers' workroom.

We suggest using double-sided tape, glue stick or poster putty for doing this.

Entries on canvas or other, sturdy display forms just need to have the entry form affixed on the back as described, no black paper is needed for these types of entries
