

# Rx Flyfishing

## President's Message by Marilyn Mowry

We are making some changes to the format of the DFF Board and you will be voting on it at the next membership meeting. The attendance has been less than we need for a quorum and we need to decrease the number needed in attendance or add new board members, or both. We also want to make the board meetings every other month instead of monthly. We need more members to take part in the committee process. Right now we have committees of one. Can you devote six evenings a year to be on the board? Or how about being on a committee and providing some input when we need some new ideas? Right now we need a treasurer which would mean writing a few checks a month, attending the board meetings and helping to file the tax return. We also need a membership person to collect the membership money, update the membership list on a computer and either print labels for the newsletter or e-mail a current list to the newsletter person. We also need an outings chairman or enough people on the outings committee to spread it around. We have some great people in this club and we are asking for help to keep this club running. If you can devote some time and energy, talk to Steve Cooper at the meeting or e-mail or call me.

Marilyn

Official coffee mug	\$5.00

Also the club has a video library

Videotape Rentals \$2.00 Per Video

See Bob Souza for info on merchandise and videos at all the meetings.

## November Membership Meeting

The November program will be **THURSDAY** Nov. 10th, 7pm at John R. Williams School 2450 Meadow Ave. in Stockton. The meeting was changed to **THURSDAY** because the speaker Bob Sheedy was not available for our regular Wed. meeting night.

To date Bob, who is evidently a very multi talented person, has been a land surveyor, bush pilot, geophysicist, ammonia refrigeration technician, video-grapher, photographer, writer and a producer of various media in aquatic insect studies and fly fishing instructor. Bob has authored two books, Bob Sheedy's Lake Fly Fishing Strategies and Bob Sheedy's Top Fifty Stillwater Fly Patterns both widely respected in the stillwater world of flyfishing especially in Canada where he resides. Obviously Bob's program will be about stillwater fly fishing. Steve is very excited about having Bob for a speaker and asks that everyone talk it up. Information Steve Cooper 956-1032
