Because every companion has a story—and a future worth saving.

# What Is the Furrever Promise Program?

The furrever Promise Program was created to ensure that your beloved animal will always have a safe and loving place to go if you are no longer able to care for them.

Whether due to illness, end-of-life transition, or unexpected life changes, this program allows you to make arrangements in advance so your companion is never left without care.

Whisper in Time Companion Rehoming supports animals of all kinds. While many of our cats are housed at the CatFae, our mission extends to all animals in need of compassionate transition and rehoming.

## How It Works

- 1. Enrollment**  
You complete a simple form with your information, your animal's details, and your wishes for their future.
- 2. Planning Ahead**  
You designate emergency contacts and decide whether you would like to include a care contribution or future gift.
- 3. When the Time Comes**  
When we are notified, we step in to bring your animal into our care.
- 4. Care & Transition**  
Your animal is given time, support, and compassion to adjust.

### Thoughtful Placement

We work carefully to place them in a loving, appropriate home.

## Our Promise

- Your animal will be treated with compassion and respect
- Their emotional and physical needs will be prioritized
- We will take time to understand their personality and history
- We will work to find the right home—not just the fastest one

This is more than rehoming. It is honoring the bond you share.

## What We Ask From You

To ensure the best care possible, we ask that you:

- Provide accurate and detailed information about your animal
- Keep your emergency contacts updated
- Communicate any significant changes in your animal's health or behavior

## Supporting Your Animal's Future Care

We believe every animal deserves a safe future, regardless of financial circumstances. Because of this, there is no required fee to enroll in the furrever Promise Program.

However, many families choose to make a care contribution to help support their animal's future needs.

## Contribution Options

### One-Time Contribution

Many families choose to contribute between \$250–\$1,000 or more depending on their situation.

### Monthly Support

Optional monthly contributions such as \$10, \$25, or \$50 help sustain the program over time.

### Estate or Legacy Gifts

Some individuals choose to include Whisper in Time Companion Rehoming in their will or estate planning, or set aside funds specifically for their animal's care.

These contributions help cover:

- Medical care
- Daily care and housing
- Behavioral support if needed
- Time and resources for proper placement

All contributions are considered charitable donations and do not guarantee specific outcomes.

## Important Information

- Enrollment does not guarantee immediate intake
- Placement is dependent on available space and foster resources
- Contributions are considered charitable donations and do not guarantee specific outcomes

## Emergency Preparedness

We recommend keeping a card in your wallet or home indicating that your animal is enrolled in the furrever Promise Program, along with our contact information.

This ensures we can be contacted quickly when needed.

## We're Here for You

We understand that planning for the future can be emotional and difficult. You are not alone in this process.

We are here to answer questions, walk you through each step, and provide peace of mind—at your pace.

# FREQUENTLY ASKED QUESTIONS

## **Is there a fee to enroll?**

No. Enrollment is free, but contributions are appreciated.

## **What types of animals do you accept?**

We support animals of all kinds, based on our capacity and resources.

## **Is my pet guaranteed to be taken?**

We will always do our best, but intake depends on space and foster availability at the time.

## **Can I include you in my will or trust?**

Yes. We are happy to work with you or your advisor.

## **What if no one contacts you?**

We provide emergency cards and recommend informing multiple contacts to ensure we are notified.
