Level Placement: PAIYH is extremely dedicated to the correct class placement for each dancer. Class levels are often based on age. Please select the class that reflects the age that your child will be when classes are started. In all non-combination classes the first class will be used as an evaluation to ensure that all dancers are placed in the appropriate level. Class placement is decided by the director or instructor only. We reserve the right to move students to classes and/or age levels as we see fit.

****PAIYH Dance Studios has a full dance boutique attached to the studio that you can purchase everything needed for class. ****
