Dear friends of traditional games, respected President,

The candidacy of your organisation has been accepted by the Council of ITSGA. The members of ITSGA Council are representatives of several continental organizations over the world. So TRADITIONAL SPORTS & GAMES FEDERATION of INDIA is now recognized as official Sub continental Unit of ITSGA.

So, from now you are allowed to use the LOGO of ITSGA on your head paper or when you organize national events. Otherwise, I invite you to get in touch directly with other members of ITSGA to start transversal actions, this to make efficient the politic of international network, not vertical, respectful of all cultures, that we wish to promote.

ITSGA is a Non Governmental International Organisation (Int. NGO) which has no official language, but can use some of them as working tools to allow all of us to share a mutual understanding.

Sincerely your's,

Guy Jaouen, For ITSGA
