

The background of the top half of the image is a collage. It features a large, blue-tinted statue of George Washington, the Statue of Liberty, and a close-up of the face of a person in a stone relief. An American flag is visible on the left side.

What: An In-Depth Study with Bob Menges on the United States Constitution. This will not only be a study on the Constitution, but we will also trace the hand of God in the history, worldview, and design of America's governing document and the documents that led to its drafting and ratification.

Where: Grace Community Baptist Church, 579 Gaillard Rd. Moncks Corner, SC 29461

When: Sunday evenings 6PM-7:15PM beginning September 13, 2026. The course will run approximately 12 weeks.

Cost: Free

America's founders and the framers of the Constitution created a system of civil government unlike any other of its day. Because of their understanding of the depravity of man, they created a system whereby man would be under law rather than law under men. In the United States of America, the ultimate earthly governing authority with whom believers are required to submit to under God (Romans 13), is not a human office holder, but rather the United States Constitution and the rule of law. Therefore, for the Christian in America to be obedient in this area of life, discipleship and biblical application is as important as any other area for those in the American Church.

My passion, prayer, and hope is that this study would be used to not only train us in the subject matter but also help those who claim Christ to transform and renew their minds to the biblical principles concerning civil government and the great gift of liberty and limited government under the United States Constitution. By doing so, we bring Glory to God for His indescribable wisdom and blessing to the American Church. Furthermore, my hope is that God's people would then live rightly and in doing so, that they would impact the kingdom of men for His Glory!
