

Dental Design Studios

Dental Design Studios specializes in cosmetic restorations and operates a full-service laboratory in Livonia, Michigan. When working with us, you can expect:

- Excellent communication
- Expert workmanship
- Custom shade consultations
- Quick turnaround times
- Competitive pricing
- Paid shipping costs
- Dedication to excellence

Dental Design Studios also proudly participates with the IdentAlloy/IdentCeram® program, which assures both you and your patient that what you ask for is what you receive. All of our materials are FDA-approved, and we only work with industry leaders when purchasing raw materials. **Absolutely all products are made in the USA!**

We understand and appreciate how valuable your time is, and our goal is to help ensure you have a smooth daily workflow. **We do not want to be just your lab, but rather an extension of your dental practice.**
