

November 2022 Special

According to Inside Dental Technology, the three most important factors a dentist will look for when choosing a dental laboratory are **communication, knowledge and consistency**¹. This is what we strive for with each of our valued customers. Dental Design Studios is one of Delta Dental's value-added partners that offers you exclusive preferred pricing. These reduced rates apply not only to your Delta Dental PPO™ patients, but also to your entire patient base.

Complete denture*

\$200

- Includes bite rim, setup, New Hue or comparable teeth, one reset and process. Custom tray and master model are an additional fee.

BruxZir® single unit crowns*

\$100

- Shoulder prep not needed, feather edge is OK. Conservative prep similar to full-cast gold, any prep with at least 1mm of occlusal space is adequate.
- Minimum occlusal reduction of 1mm is ideal.
- Resin-reinforced glass ionomer cement with silane coupler.

***Promotional pricing valid through November 30, 2022**

Call Tabitha Hans at **734-838-0181** for your **FREE starter kit**, and begin **increasing your profits and decreasing your practice overhead!**
