**Face to Face Sessions Returning!**

## New Counselling Space In Beighton

Since the end of September 2021, I have secured a new counselling space at Beighton Lifestyle Center. I shall be offering face to face sessions on **Tuesday's & Wednesday's only**, and my online sessions shall be continuing the rest of the week as usual.

---

A great space to offer the security and comfort to build a therapeutic relationship. A quiet room with lots of light and a secure covid safe service.

The building has disabled access, a lift and an accessible toilet. It also has a car park with disabled parking and access to a bus stop right outside the main door where there is access to bus routes 27 & 30.
