Hello, from me!

What's New

Wow, 2024 is well underway now. A lot has been happening, and there are some changes to come. As of April, prices will change to match the current prices new clients are paying.

This decision is never taken lightly, and it is necessary to keep training and knowledge up to speed so you receive the best therapy on offer.

Also, a look into parenting as a disabled caregiver, the highs and the lows and all the individuality in between :)

Warmest Regards

Liz

Title: Revealing Therapy Costs with Liz Whiteley Counselling

Ever wonder why therapy sessions come with a high price tag? Delve into the real reasons behind therapists' charges.
