

Vendor Spotlight: Cat Den Mountain Quilts

Bonny Peters of Cat Den Mountain Quilts will be bringing the latest tools, patterns, and quilting inspiration to the Cheshire Quilters' Guild Quilt Show 2025. A long-time favorite with quilters, Bonny's shop is known for carrying innovative tools and the newest releases from Studio 180 Design.

Her current star attraction is the *Pint Size Wedge Star tool*—a versatile ruler that has quickly become a must-have. It's especially popular because it can be used to make the much-loved *Alaska* pattern by Edyta Sitar of Laundry Basket Quilts, with block sizes ranging anywhere from 2" to 12".

There's more exciting news too: starting with the release of the *Radiance* pattern, all Studio 180 Design patterns are now printed in full color. *Patches* is the second release in this fresh, improved format, and Bonny will have these new patterns (and many more) available in her shop at the show.

Be sure to stop by and meet Bonny in person at Cat Den Mountain Quilts' booth. She'll be happy to show you how these tools work, share tips for success, and help you find just the right project to take your quilting to the next level. Who knows—you might discover your new favorite tool or pattern (and plenty of inspiration to go with it)!
