Our courses align with the Florida Department of Education standards and curriculum benchmarks.

At Bringing the Globe, our courses teach you the skills that you need to advocate for yourself and for others while telling your story. Our methodology is innovative! You are provided an online platform with digital resources and a local and international community of like-minded teens who are passionate about being the change they want to see in the world.

We provide in-person and virtual Presentations, conferences, and digital resources designed to provide practical tools needed to succeed inside and outside of the classroom.

Innovative Online Courses

Our videos, infographics, and community discussion boards create new ways of learning material on leadership development and advocacy while engaging in cultural exchange. Each segment of our courses give teens community service hours while providing opportunities to integrate what they are learning on our online platform into their communities.

Courses for teens 13 to 18 years old:

Operation: STOP Cyber Harassment

Provides cross-sector resources from law enforcement, academia, mental health, and cybersecurity while giving teens the tools that they need to prevent online bullying for themselves and others.

Internet safety

Identifying Bullying Online

Mental Health

Advocating for Yourself and Others

Storytelling With A Purpose

Helps teens figure out their purposes: who they are at their core, their values, and what they care about. We also teach them how they can make that a part of their career and future academic ambitions.
