

Bringing the World to Florida

Do your students lack leadership skills that translate into the classroom, college, and workforce preparedness?

Do your students (ages 13-18) need help finding their passion and developing their confidence? Are you looking for community service and internship opportunities for your students to gain experiential knowledge? Do your students lack interpersonal skills and cultural sensitivity or knowledge?

According to the Wall Street Journal

92%

of executives say that soft skills were **equally important** to technical skills

89%

of executives say that they have a very difficult or somewhat **difficult time finding people with the requisite attributes**

Meet the Founder

Cairo Eubanks is the New Future Foundation Youth Representative to the United Nations and Youth Steering Committee Member. She is also the Global Correspondent for GODSU. A curriculum developer, Cairo's created programs for students in Tamil Nadu, South India, and Broward County, Florida, which is the foundation for Bringing the World to Florida. Cairo received a Proclamation from Mayor Dale Holness on October 10, 2020, and the Rising Star Award from Mayor Wayne Messam for her community work and program development that foster leadership development and cultural exchange. She reigns as Miss Black Florida USA 2022 for Miss Black USA.
