

A QUALIFIED RISK DIRECTOR[®]

HAS GREATER POTENTIAL

Risk governance is an essential responsibility of boards, and multiple board committees now include risk governance in their charters. More boards are establishing risk committees to enhance their governance of risk-taking. When risk is governed effectively, opportunity results.

IS A MORE VALUABLE BOARD MEMBER

Diversity of experience, perspective, and a forward-looking, anticipatory mindset common to Qualified Risk Directors[®] is a uniquely valuable combination of skills relevant to board and board committee discussions.

HAS EXPANDED INFLUENCE

With unique, in-demand, risk governance expertise, Qualified Risk Directors[®] are highly influential leaders that are respected, add tremendous value to any board, and have significant potential to influence the governance of risk-taking at any organization.

JOINS AN IMPORTANT NETWORK

Found in boardrooms on five continents, Qualified Risk Directors[®] are highly respected, highly educated, and highly influential leaders. Those with approval to use the designation are invited to participate in exclusive networking and educational events, and gain access to special resources and services.
