4 - 4'' squares for corners

On the wrong side of the 4" squares draw a diagonal line. Place right sides together on the corner of the large square, carefully aligning the edges. Sew a thread width away from the drawn line towards the corner.

Repeat for all corners. Press toward the corner. It should line up. If not, check your stitch for straightness and placement. Cut away the print and one triangle leaving a 1/4 inch seam allowance. Must measure 12 1/2".

## **Floating Star**

- $1 4\frac{1}{2}$ " square center of star
- $8 4\frac{1}{2}$ " squares background  $8 2\frac{1}{2}$ " squares star points

On the wrong side of the 21/2" star point squares draw a diagonal line. Place right sides together on the corner of a background square, carefully aligning the edges. Sew a thread width away from the drawn line towards the corner.

\*\*\*\*\*\*\*\*\*\*

Repeat on the opposite corner of the block as shown in the diagram. Repeat for a total of 4 squares. Cut away the background and one triangle leaving a 1/4" seam allowance.

Assemble using the diagram as a guide. Press carefully. Must measure 121/2".

Below is just one way to assemble these blocks. Have fun and use your imagination.
