

PMQG 2022 New Year's UFO Challenge

Ready to finally catch up with those UFO's? Start the new year off right!

Pick out 12 of those UFO's, number them 1-12. The UFO can be one that just needs binding, maybe a border or two, or may be one you have all cut but haven't started sewing yet. If you have fewer than 12 UFOs, number the ones you have and proceed.

Complete the UFO Challenge Journal form, noting each UFO, its current status, and your goal for that UFO. Submit a copy to Guild and keep a copy for yourself.

Each month the Guild will publish a number from 1-12. Pull out that numbered project and get to work on it. You do not need to finish, but make as much progress as you can while avoiding getting distracted by a new project! Be sure to log your progress and submit a ticket for each completed UFO.

And, of course, bring your completed projects for Show & Tell.

At the Dec 2022 Holiday Dinner a drawing will be held from the tickets submitted for completed UFOs and prizes will be awarded.
