

## January 2026 Block of the Month

### Scrappy Disappearing 9-Patch

Cut eight 5" squares of a variety of blue fabric and one 5" square of yellow fabric. Sew squares together to form a 9-patch block with the yellow fabric in the center.

Cut the block into four equal segments. This is easiest if you make both cuts without moving the block.

Turn two segments as shown in the pictures below and sew together to form the new block.

This will form a 13" completed block.
