

Block of the Month September 2025

"Garden Path"

This is a two-block pattern quilt. September we will be making the applique block.

Use any applique technique you prefer but **use thread to match the color of each piece** to make it less visible. The templates **DO NOT** include a $\frac{1}{4}$ " seam allowance if your technique requires one. Use your own fabrics. Yellow for flower center, red for the flowers and green for the leaves. The background fabric should be white on white. Please be use that it reads white.

Cut white square 10"x 10", cut 12 green leaves, 1 red flower and 1 yellow flower center.

To help position the pieces on the square press fabric on a diagonal to create an X through the center.

Position the flower in the center of the square and arrange the 4 sets of leaves along the legs of the X. Place the corner leaves $1\frac{1}{4}$ " from the edge of the square to allow for seams.

Once you are happy with the placement of the applique pieces stitch in place using your preferred applique technique.
