

# PMQG 2021 Mystery

**Finished size: Mystery Table Runner 14" x 34"**

## **Month Four**

Making the blocks and finishing. You will be making three identical blocks for the table runner plus adding borders.

### **Step One:**

To make the block's center, sew the four larger half square triangles together, as shown in diagram. Use a scant  $\frac{1}{4}$ " seam and press the seams to the darker side. (Diagram 1)

### **Step Two:**

Now place a dark  $2\frac{1}{2}$ " square right sides together lined up with one corner of the center unit. Sew on the drawn line. Cut off the excess seam allowance, pressing the remainder towards the corner triangle. Repeat this on the other three corners of the center unit. This unit should measure  $6\frac{1}{2}$ ". (Diagram 2)

### **Step Three:**

Now lay out four large rectangle units and the four half square triangles made in previous steps to make up one block. (Diagram 3)

Sew a  $2\frac{1}{2}$ " half square triangle unit to each side of two rectangle units. Set aside, sew two rectangle units to each side of your center pinwheel unit. Press seams towards rectangle unit.

(Make sure you have the units facing the right direction before sewing, consult diagram). Use the other rectangle units with half square triangles already attached to sew to the other sides of the block. Press seams towards the rectangle units.

You have now sewn together one block, repeat the steps to make two more identical blocks. Block size is  $10\frac{1}{2}$ " unfinished.

**Step Four:**

Sew the three blocks together in a vertical row.

Use the three 2 1/2" strips cut out of the dark fabric as your borders. Cut two side borders 2 1/2" x 30 1/2" and two top and bottom borders 2 1/2" x 14 1/2". (Diagram 4) Sew the sides, then top and bottom of quilt to complete your project. Quilt and bind.
