

PMQG 2021 Mystery

Finished size: Mystery Table Runner 14" x 34"

Month Three

Step One:

Using the twenty four $2\frac{1}{2}$ " (light) squares, place a square, right sides together on each of the twelve $2\frac{1}{2}$ " x $6\frac{1}{2}$ " rectangles (dark). Sew on the drawn line. Cut off the excess seam allowance and press seams towards the rectangles.

Pair up the medium and light $3\frac{7}{8}$ " squares, you should have twelve pairs. Draw a diagonal line on the back of the light colored squares. Sew a $\frac{1}{4}$ " on both sides of the drawn diagonal line. Cut on the diagonal line, press towards the medium colored fabric and trim to $3\frac{1}{2}$ " squares. You will have 12 half square triangles.

On the twelve dark $2\frac{1}{2}$ " squares, draw a diagonal line on the back of each square.

Next month will be the final steps for assembling the blocks and we hope to see your creation at the Get Together on April 24th at the Moose Lodge.
