

## Double Sawtooth Star Block

### Cutting for the 6" Star

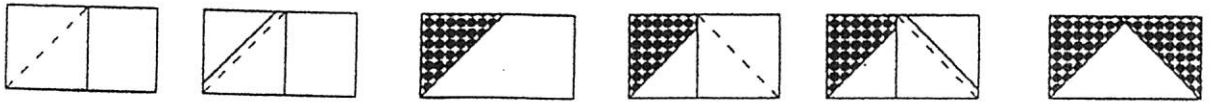

For the star points cut 8, 2-inch squares

For the star center cut 1, 3 1/2-inch square

From the fabric for the large star cut 4, 2" x 3 1/2" rectangles and  
4, 2" squares

### Piecing

Step 1 Position a 2-inch star point square on the corner of a 2 x 3 1/2-inch rectangle. Draw a diagonal line on the square and stitch on this line. Trim the seam allowance to 1/4-inch, and press. Repeat this process at the opposite corner of the rectangle. Make 4.

Step 2 Sew a Step 1 unit to the top and bottom of the 3 1/2-inch square and press. Sew the remaining 2-inch squares to both ends of the remaining Step 1 units. Sew these units to the sides of the star block and press. The block should measure 6 1/2-inches.
