

## January Block of the Month 2025

### Country Stars

This is part two of our Country Stars Quilt. In December we made blue and white 9-patch blocks and snowball blocks. For January we will be making two different 9-patch blocks. Members will be provided with packets containing 8- 2 ½" light red squares and 2- 2 ½" white squares. Members will use 8- 2 ½" squares of dark reds from their own stash. Try to use a variety of reds to create a scrappy look to the quilt.

Use the two pictures as a guide to color placement for your blocks.

The more blocks we get, the larger the quilt we can make.
