To Whom It May Concern:

This is to confirm that Communications Workers of America (CWA) District 3, which covers all of Florida, Georgia, Alabama, Mississippi, Louisiana, Tennessee, Kentucky, South Carolina, North Carolina and Puerto Rico, has been on an Unfair Labor Practice Strike against AT&T since August 16, 2024.

Members of CWA Local 3111 are currently not being paid by AT&T. CWA Local 3111 would encourage any creditors to work with our members pertaining to any late payments and or late charges. Any help that you can give to my members would be greatly appreciated both by me and my members.

Thank you in advance for any consideration in this matter.

Fraternally yours,

Peggy Ward  
President  
CWA Local 3111
