PIXIE'S POST

MAY, 2021

WHAT'S COMING UP

First, thanks again to all of you for your support we do appreciate it. We have been asked by several people about range time and ammo. We all know the last year has been crazy and no one knows for sure when guns and ammo will be back to pre-2020 availability and price. It's for that reason we are not currently holding any of those type classes. That being said we still all need trigger time. We also need to keep up with our education. Laws, firearms, ammunition all change. New technique's arise and new fun ways to train, with and without ammo. We've been asked about kids classes etc. Well Pixie and the Beard are on it and putting together safety first training for anyone and everyone. Never held a gun before, a little nervous? Shooting for years but looking for something fresh? Watch our web site pixieandthebeard.com over the next few months for upcoming dates, new classes, new locations, new services and more.
