SCORING SCOUTING STREAMING

INTRODUCING PV/MATCH+

End to end multi-sport smart scoring and streaming solution. A customisable system that adapts to a range of sporting arenas.

Easy to Carry

portable backpack with compact storage

Easy to Set-up

plug and play model with single person setup

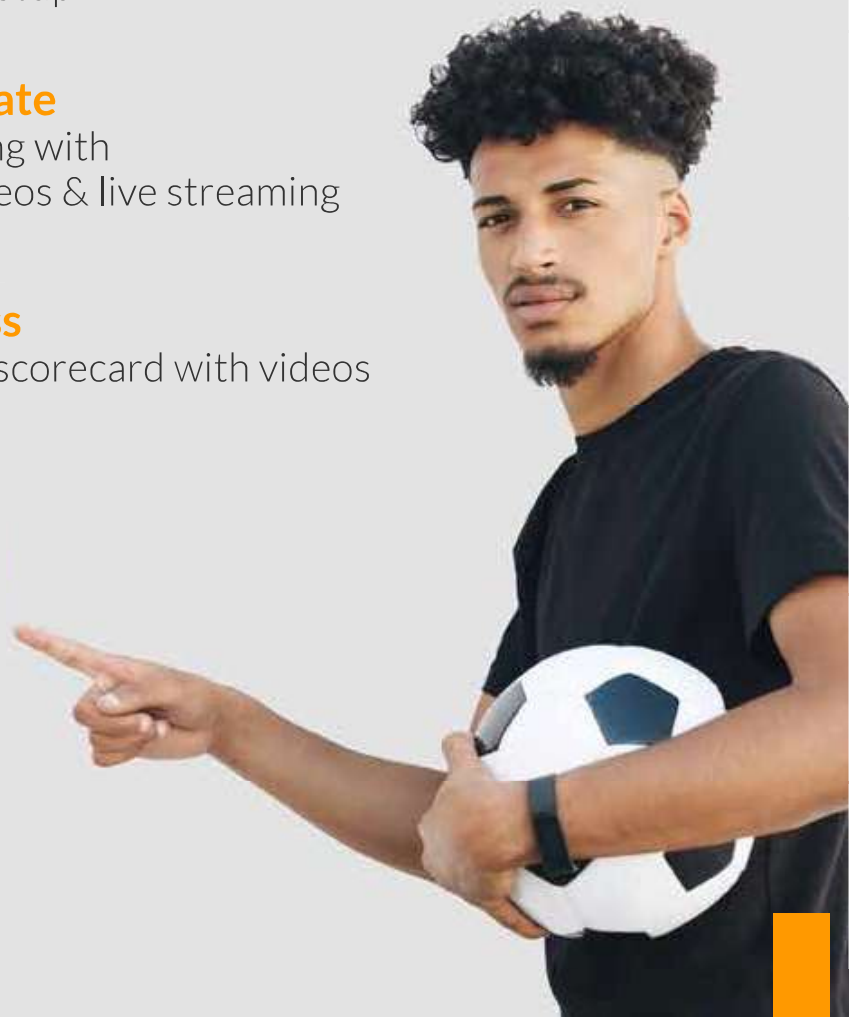

Easy to Operate

one-click scoring with auto edited videos & live streaming

Easy to Access

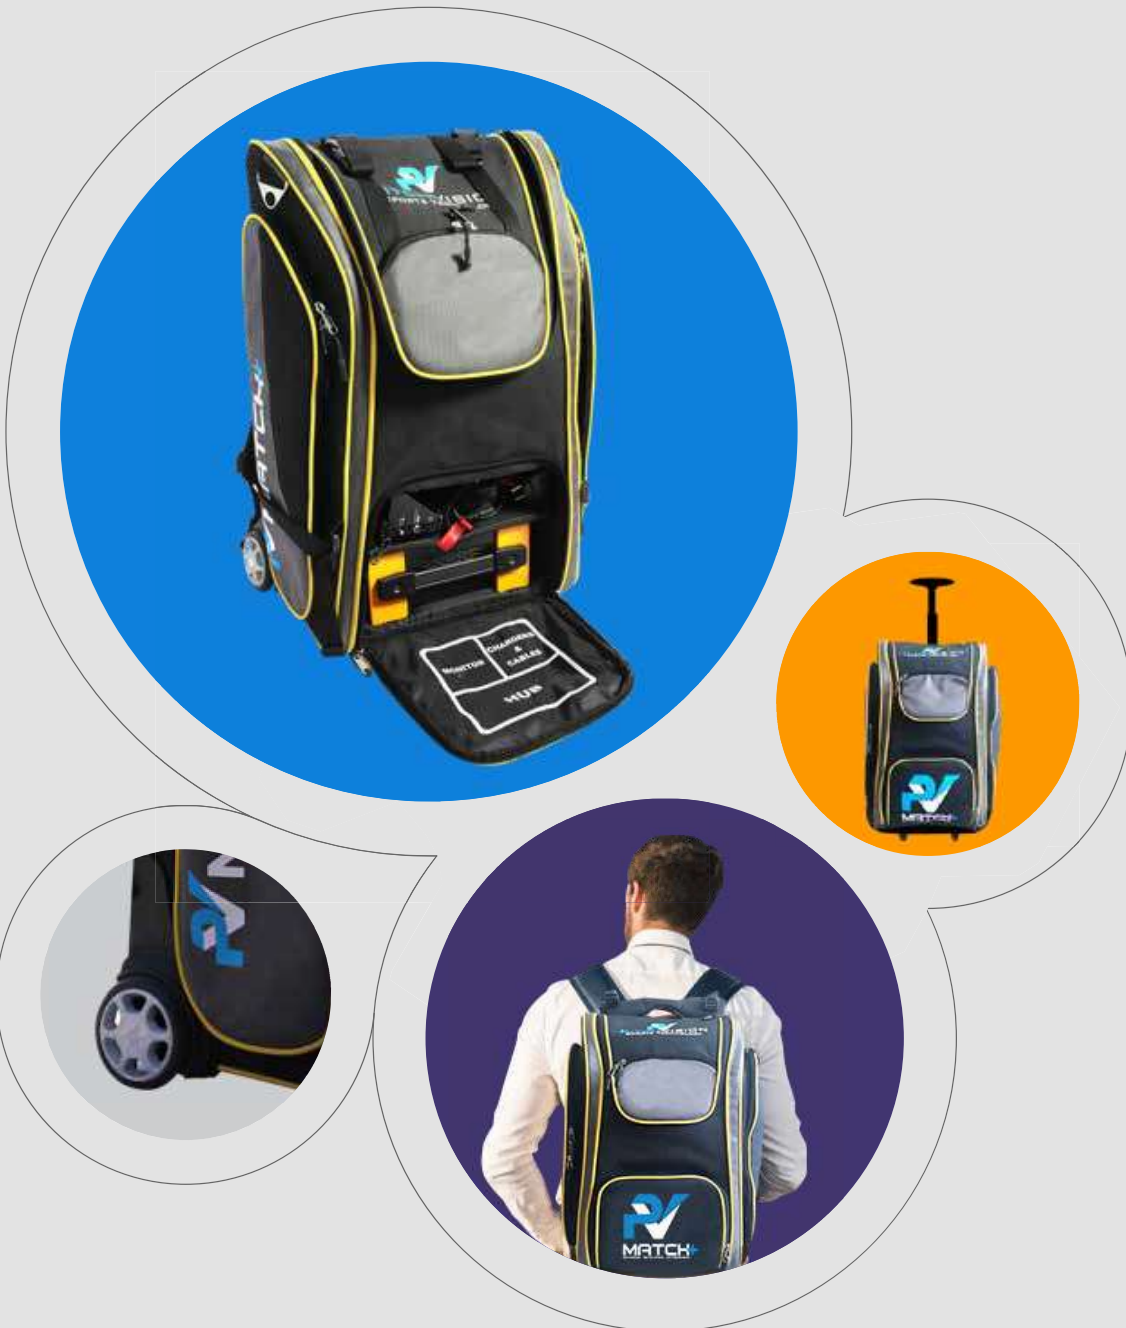

live interactive scorecard with videos

WHAT'S IN THE BAG?

PV/Match+ system fits in a portable backpack.

- Cushioned sections for equipment safety of each component
- Designed for outdoor and indoor sporting conditions
- Wheels and pulley handle for easy transportation

CAMERAS

PV Cameras are custom designed and enabled with a start-of-the-art technology to capture all sporting activities and process videos for instant viewing. They are covered in a robust casing making it impact and weatherproof. The cameras come with flexible fitting options.

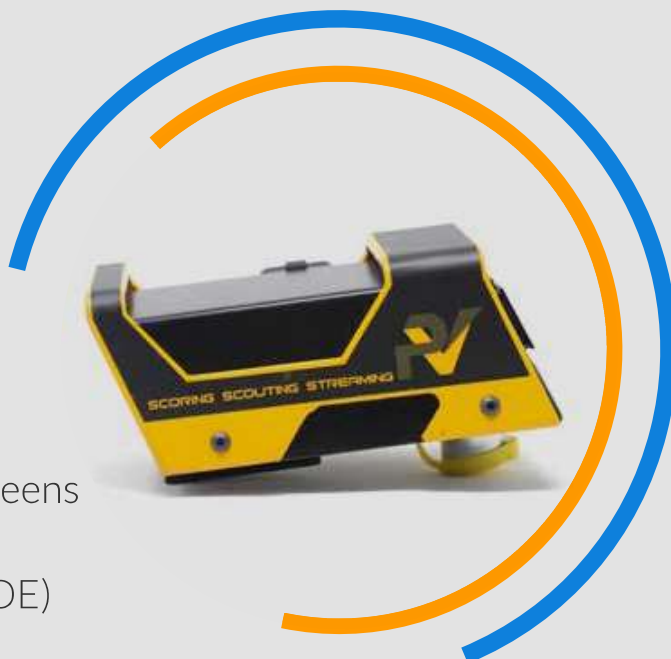

Zoom Camera

- 5 MP CMOS, 720p HD Output
 - Extensive 10x Zoom (5-50mm lens)
 - HDMI Output for Large Screens
 - Indoor / Outdoor Sports
 - Powered Over Ethernet (POE)
-

Non-Zoom Camera - #2

- 8MP CMOS, 720p HD Output
 - Wide-angle lens (62 degrees horizontal)
 - HDMI Output for Large Screens
 - Indoor / Outdoor Sports
 - Powered Over Ethernet (POE)
-

HUB

Acts as the central unit of the system, connects the laptop and cameras and provides power to all cameras.

- Comes with an easy to carry handle
- Inbuilt power backup for up to 8 hours
- Supports up to 3 cameras

LAPTOP

Customised laptop dedicated for PV Matches.

- OS: Windows 10
- Display Type: 15.6-inch FHD (1920 x 1080) Anti-Glare LED-Backlit Display
- Processor: 8th Gen Core i5
- RAM: 8GB, DDR4
- Hard Disk Drive (Storage): 1TB

CABLE REELS

Cat 6 cable reels are ruggedized with a protective casing to avoid damage and operate in all sporting arenas .

- Robust connector with ruggedized pins to sustain wear & tear
- Reels designed for frequent wind / unwind to ease operation
- Colour coded cables and sockets for quick set up

ACCESSORIES

- LCD Mini Monitor: 5-inch LCD to adjust camera settings and angles
- Robust tripod with 2 adjustable ball-head options
- Clamp: Easy to mount & unmount with 30 mm to 85 mm mounting range
- Panning Head: Aluminium based and lightweight for smooth panning and tilting

HOW TO USE?

PV Match+ is simple and user-friendly. All the sporting action captured on PV/Match is available instantly on a live interactive scorecard. The scorecard is accessible locally and on www.pitchvision.com.

THE SCORECARD COVERS

- Detailed scorecard
- Auto-edited 60-second videos to track match action by the minute
- Non-stop live streaming
- 12 sec auto edited videos with personalised smart tags

STEPS TO SETUP

Step 1: Set up Cameras.

Step 2: Connect Cameras to Hub.

Step 3: Connect Hub to Laptop.

Step 4: Create Match.

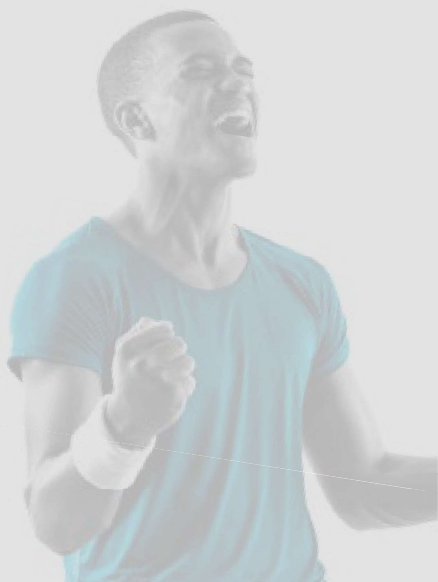

The system is set up and now you are good to go. Happy Live-streaming!

SCORE

Allows scoring for matches based on points, goals and sets.

- Each sport comes with a single screen scoring solution
- A set of pre-defined and customisable tags to capture videos of every action from different angles
- Add players' names/teams names and logos on the score overlay

STREAM

PV/Match+ allows live streaming to your own YouTube channel or 3rd party platforms.

- One-click live streaming with live score overlay
- Option to add logo on live streaming
- Live stream embedded on the PitchVision match page

ARCHIVE

Archiving is one of the key offerings of PV/Match+

- Videos are stored locally and comes with a cloud storage option for lifetime unlimited access
- The data complies with GDPR with password-protection and System Admin controls all access

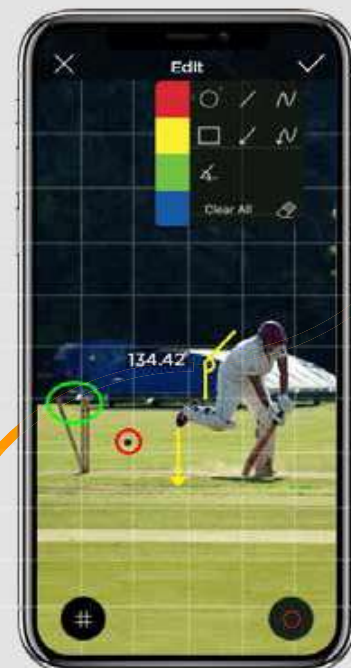

ANALYSE

PV Mobile App allows you to analyse each video and share feedback with players/coaches.

Key features

- Slow-motion
- Drawing tools
- Comparative analysis

BRANDING

Every match / tournament can be custom branded in PV/Match

- Team / player branding on score overlay
- Sponsor / tournament logo on all video assets
 - 1) Live streaming
 - 2) Minute by Minute
 - 3) Tag videos

MONETISE

Our branding allows you to monetise matches.

- Attract new sponsors and start generating revenue
- Add the sponsors' logos and start monetising

HIGHLIGHTS

Curate content from the matches captured.

- Generates auto-highlights
- Enables video downloads to create video compilations
- Create match highlights or key match moments from the videos

Auto-Highlights

Download

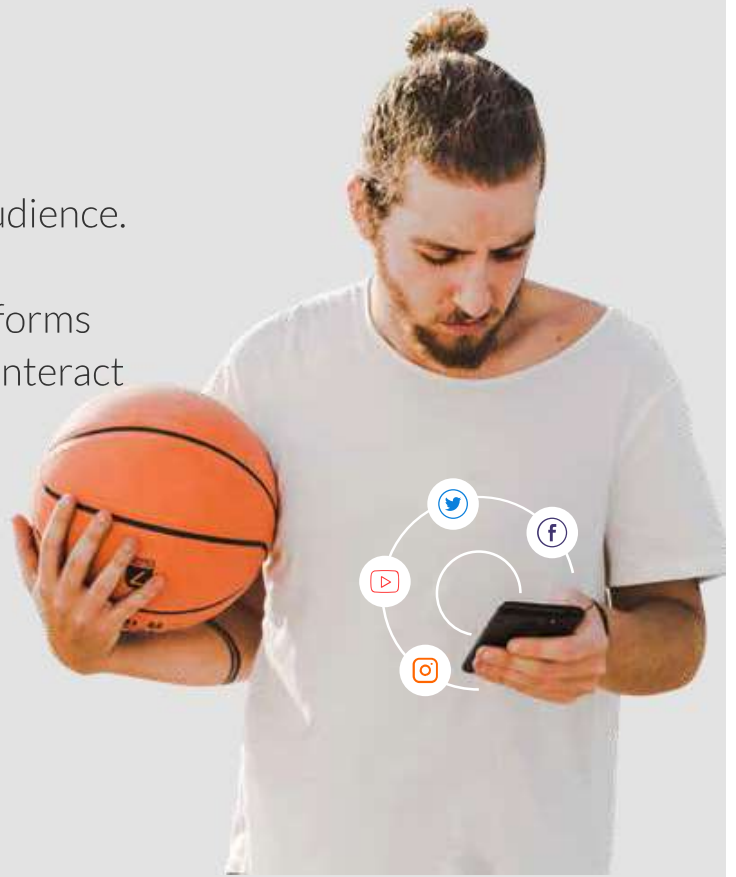

Create Video

SHARE

Share your content with your audience.

- One-click sharing on all platforms
- Share key match updates to interact and build fanbase
- Instant YouTube stream to enhance brand visibility

TESTIMONIALS

We found PV/Match+ a useful tool, especially in terms of understanding technical aspects of our game, as well as a great way to aid coaching.

Simon Winn - Old Actonians Badminton

PitchVision will be vital in helping us observe players during matches and training sessions.

Ajmal Shahzad - MCC Academy, Lord's

Training with PV/Match+ has opened an opportunity for students to learn new skills, looking forward for more such training sessions.

Anagha Kulkarni
- Sports Director, Gurukul College (Mumbai University)
