Capability Narrative

Micro Mold Plastics USA, Inc. (MMPUSA) is a woman-owned business founded in 2018, building on the legacy of its predecessor, Micro Mold Plastics, Inc., which was established in 1987. Our injection molding operations are housed in an 18,000 square foot facility.

We specialize in small, close-tolerance injection molding and offer a wide range of services, including hot stamping, sonic welding, and first article inspection testing. At MMPUSA, we are committed to meeting the specific needs of our clients.

MMPUSA has experience with various materials and is proficient in running the following materials in full production: ABS, Acetal, Acetate, Acrylic, Celcon, Kraton, Nylon, Peek (Peak), Polycarbonate, Polyester, Polypropylene, Polystyrene, Polysulfone, PPA, PVC, TPR, and Ultem (PEI). Machines we utilize range from 1oz. 25-tons to 21oz. 240-tons.
