ABOUT ME

My Journey Thus Far...

My name is Sebastian but you can call me **Seb!**

I am currently 9 years old. I started driving karts at Archerfield just a few days following my 4th birthday.

MY DRIVE...PASSION...COMMITMENT!...

My first Karting Australia Club race was in **March 2020** at Warwick, QLD when I was 7 years old. I was the youngest in the under 10 group. I started at the back of the grid of 13 drivers because I was a newby. I won the 8 lap race and set the fastest lap time.

I raced my first National Round in The Australian Karting Championship at Newcastle in **November 2020** when I was 7 years old. I claimed pole position, breaking the lap record and winning 4 out of 5 races which included the Final race. I was the youngest ever in Australia to get a pole and win a national round at age 7.
That Was Soooooo Exciting!...

DRIVE

In **2021**, I competed in my first complete year of the Australian Karting Championship as a cadet 9 (under 10's). I was successful claiming the Australian Karting Title.

I was 8 years old and was humbled to set some new records again. I was the youngest ever to win this championship with 3 out of 4 poles, 16 out of 20 race wins, 18 out of 20 fastest laps and broke 3 out of 4 track records during this season.

During **2021** I also won the Cadet 9 QLD State Championship.

Absolutely Loved the Experience!...

Focus and Patience WINS Every Time...

PASSION

In **2022**, given my championship status, Karting Australia let me move up to the under 13's, Cadet 12 Class early. Normally you need to be 10-12 years old to be in this class. I was 8 years old at the time and was the youngest ever competing in this classification.

During **2022** in my first National round as a Cadet 12, I claimed pole, breaking the lap record and won 4 out of 5 of my races inclusive of the Final race. Proud to say I am again the youngest ever to achieve this honour. During this year, I also won the Cadet 12 QLD and VIC State Championships.

I finished **2022**, by winning the **Australian Cadet 12 National Championship**. I won 3 out of 5 rounds and broke the track lap records in four qualifying sessions.

Teamwork and Our Racing Family!...

**Super
Excited!...**

**Can't
Wait!...**

ITALY HERE I COME

COMMITMENT

I am very proud to have won the **2022 Cadet 12 National Championship**. I am again the youngest to win the Cadet 12 National Championship at age 9. And the only one ever to **WIN the Cadet 9 and Cadet 12 National Championships consecutively**.

Since I have started at the National level, I have won a total of 7 out of 10 National rounds, making me one of the most successful Sub-junior drivers in Karting Australia. I was also humbled to win the **2022 Cadet of the Year award**.

I concluded 2022 by racing 4 races in Italy, including the **Trofeo Rock Cup, Rok Cup Super Final** and the 2 race **WSK Final Cup Series**. I was able to obtain pole on debut in my first ever international race at South Garda. Over the 4 race weekends, I won 5 heats and was successful in qualifying for all 4 Finals and had fastest lap in the Rok Cup Super Final.

Following on from this success, I was offered a role as a factory driver by Tony Kart Italy, as a 60 mini driver for the 2023 racing season in the WSK in Italy.

"I got to know Sebastian and his parents as Sebastian races in the same kart team as my son, (also Sebastian!). Seb instantly got my attention, as his speed and accuracy on track is exceptional. Watching him on track is like watching someone with 20+ years more experience. His ability to place the kart in the same place lap after lap is quite amazing to watch.

His speed is proven as his results show. As I have gotten to know Sebastian a little more out of the kart, his maturity and ability to deal with pressure and tension continually blows me away. For someone of his age, I have never seen someone so young make calculated decisions "on the run" as well as Seb does! In motorsport we often talk about a 1-in-1000 talent. I believe Sebastian is that one. He deserves every opportunity afforded to him in his motorsport journey."

“I heard about Seb about 2 years ago from a friend of mine Graham Powles telling me how good this 7 year old was, It was hard to believe what he was saying was true.

I have kept an eye on Seb ever since then and he has just dominated the Cadet 9 & 12 ranks.

Not only to win the Cadet 9 Championship at 8 with minimal experience but to move up to Cadet 12 at a young age and get the results that he has is ridiculous.

His results speak for themselves. I think he is the best Karter Australia has seen in a long time and he is only 9. I can't wait to see what he can achieve in Europe and in the future.”

“We first met Seb at only 5 years of age and were incredibly impressed with his driving ability and skillset at such a very young age.

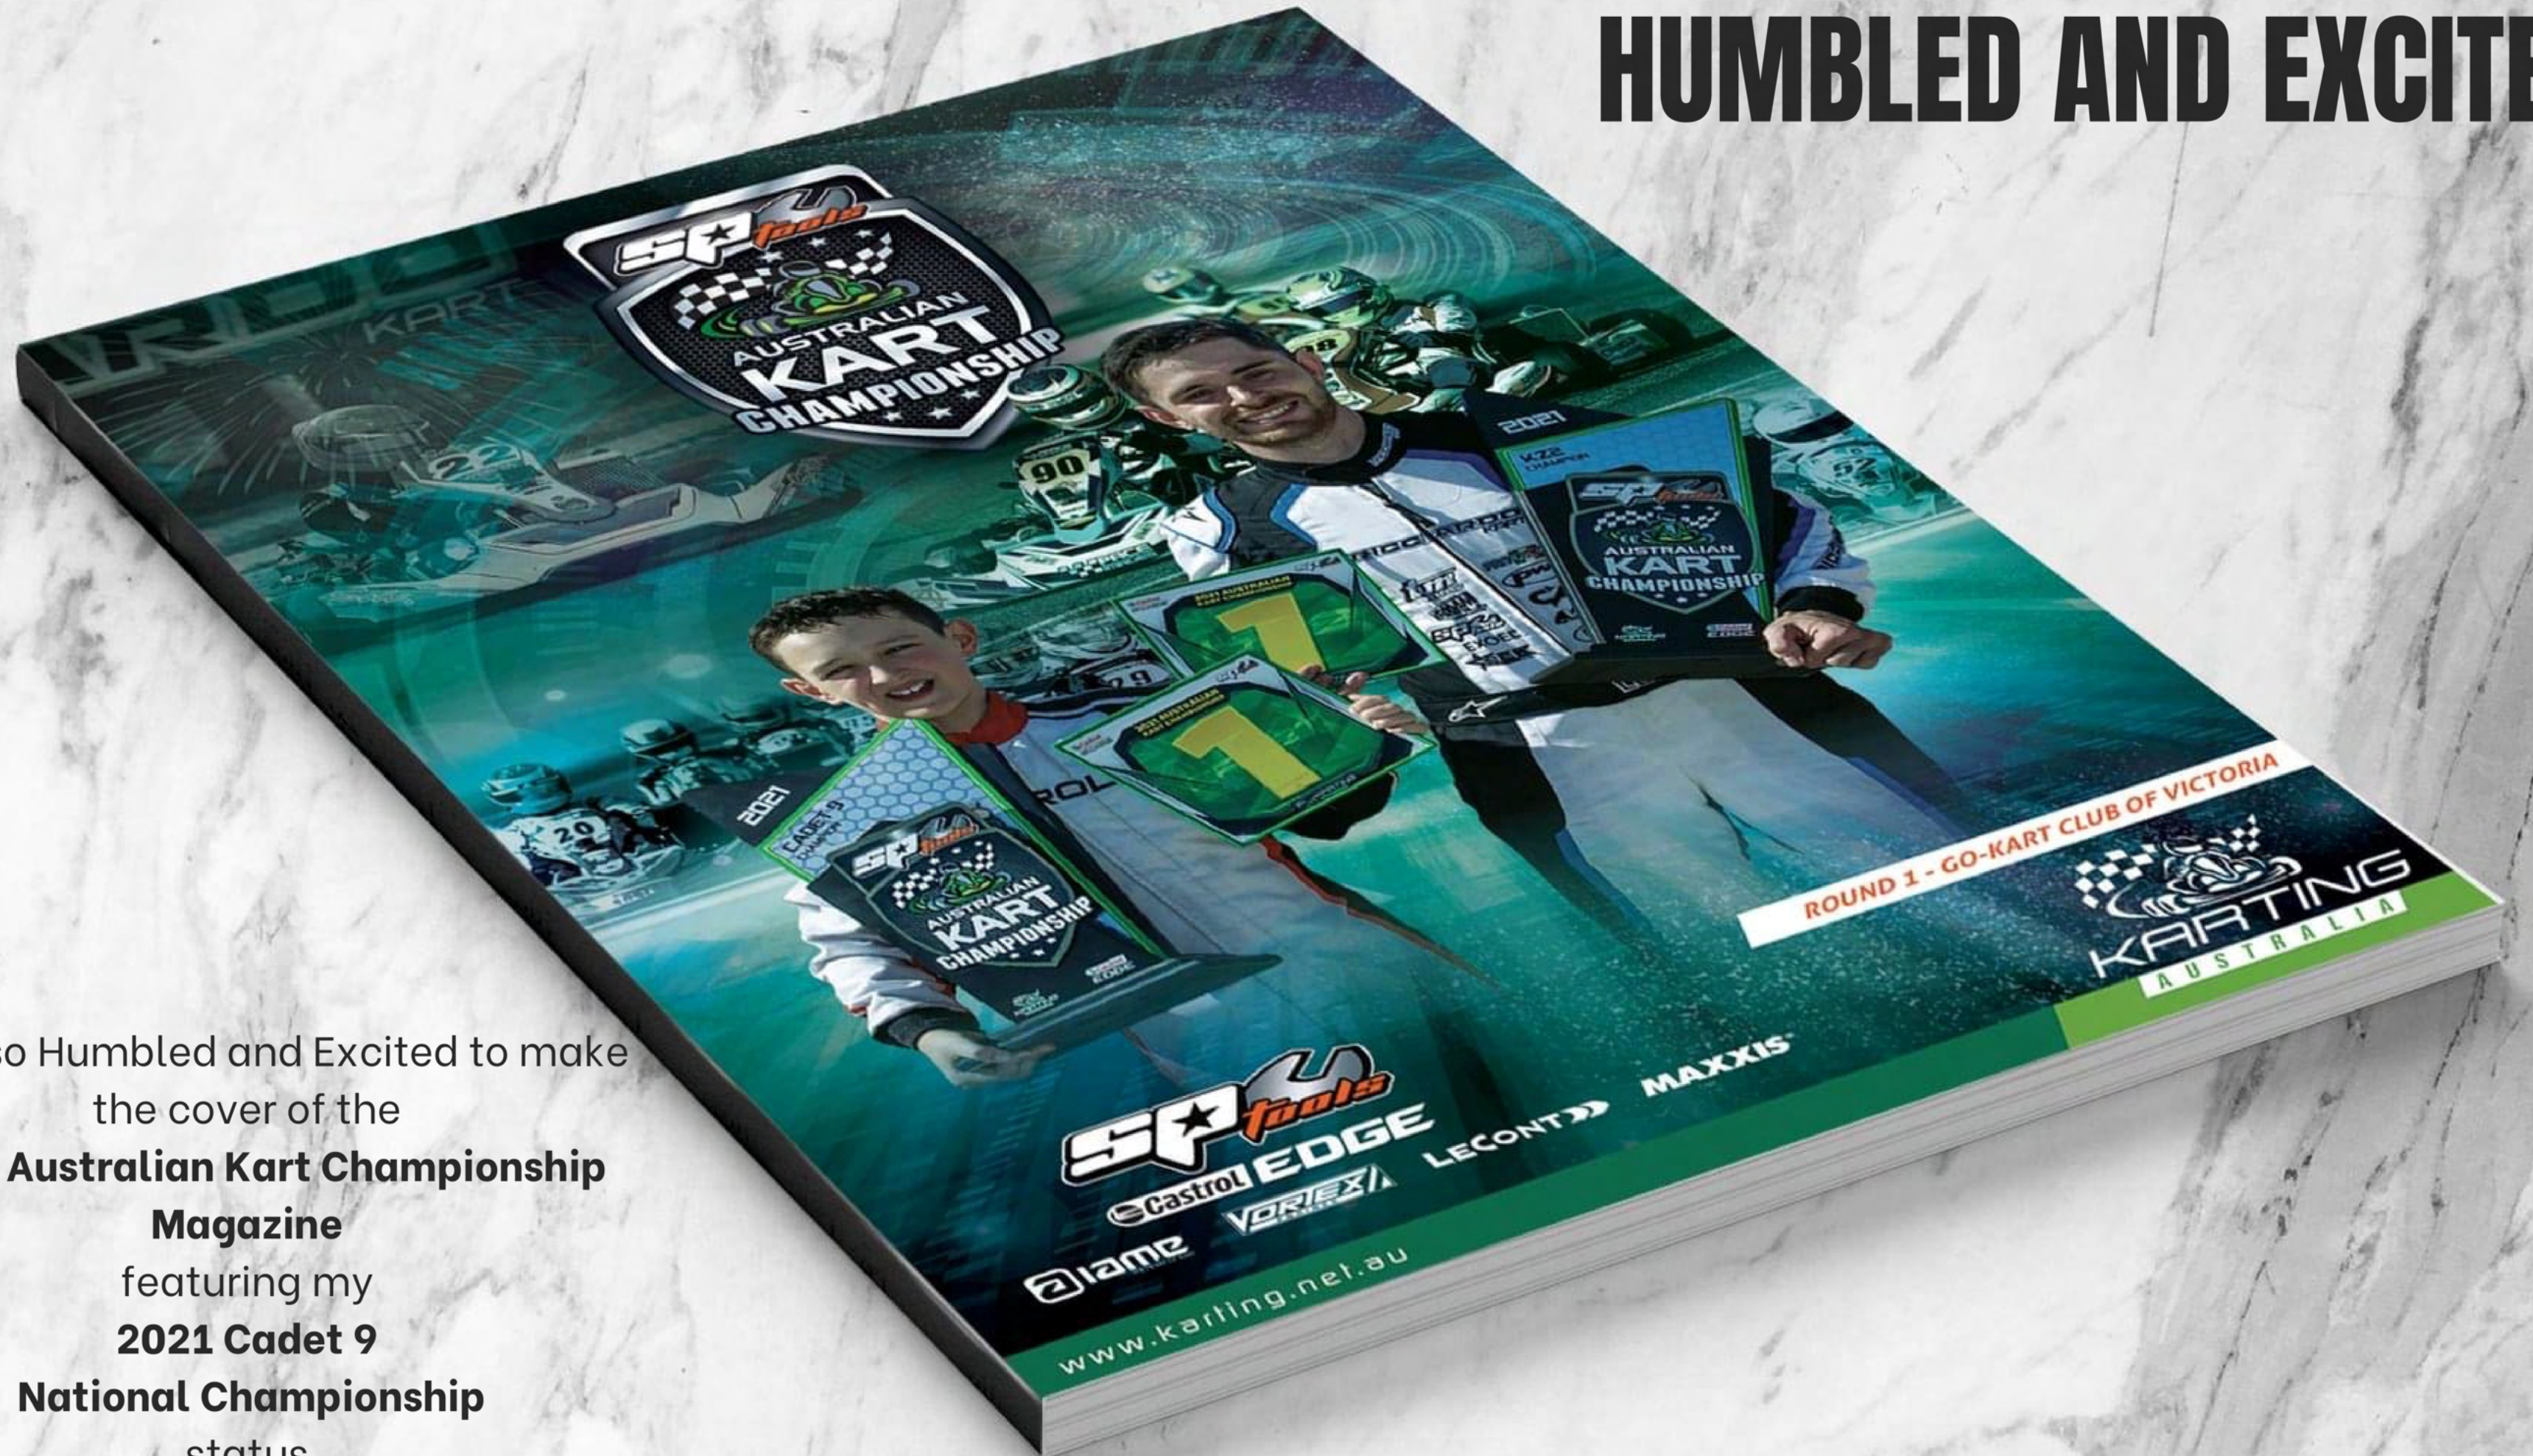

Even at such a young age it was evident that he could have the potential for great success in Motorsport.

We follow Seb’s progress and it’s very pleasing to see this young man consistently excelling. With his determination, maturity and dedication we are very excited for what the future holds for Sebastian.

I can’t wait to see his achievements in his upcoming races in Europe.”
