

**Welcome to CMST 1545 Communication Foundations**

Welcome to Communication Foundations!

We are currently using a textbook called Experience Communication. It is housed on a text site called Connect. You will hear the word Connect often. GoReact, a video recording tool, is used in this course to help record speeches. GoReact is a video assessment tool that lets you record your speeches for instructors and yourself to review. It provides helpful insight into your presentation skills. It allows the opportunity for your online instructor to provide time-stamped feedback on your submissions, helping you to improve your presentation and communication skills. This site will also record your in-class speeches for in-class sections.

When accessing the actual GoReact Speech assignments, you will click on the assignment link in BB (Blackboard) to get to your assignments listed in GoReact. Just one click and you are there!

You are enrolled in the First Day® inclusive access program. Your course(s) materials are now available in digital format through Blackboard, and the cost will be reflected in your student account.

**BENEFITS OF THE FIRST DAY PROGRAM**

- Deeply discounted materials - lowest price available
- Guaranteed the right materials
- Ready to go on day one
- Course materials charge will be placed on your student account
- Option to Opt-Out on the first day of class in [LMS]

**3 EASY STEPS TO ACCESS MATERIAL**

1. Log in to your course on BB
2. Look for the links to course materials.
3. Begin accessing your materials.

For more information about the First Day program and FAQs click here: [www.customercare.bncollege.com](http://www.customercare.bncollege.com)

**Have a great semester!**
