

How to Revitalize Your Church By Putting Faith in Action

Churches across all denominations face challenges, including a decline in membership, engagement, and mission clarity. However, by embracing a powerful and unifying mission—caring for orphans—you can fulfill a profound biblical call and breathe new life into your congregation.

The Bible emphasizes the importance caring for orphans in over 30 verses, reflecting its deep spiritual significance. With 150 million orphans worldwide and 16,500 children dying daily from extreme poverty, the need for action is both urgent and compelling. By addressing this crisis, your church can make a tangible difference and renew its mission.

The Foundation 4 Orphans (F4O) proudly endorses and partners with Zoe Empowers and the innovative approach developed by Rwandan orphan Epiphany Mujawinama. The program is designed to:

1. **Empower Orphans to Become Self-Sustaining:** With a 95% success rate, the program helps orphans & vulnerable children become self-sufficient, productive community members within just three years.
2. **Provide Cost-Effective Solutions:** At only \$100 per child per year for three years, the program offers an efficient & impactful way to support orphaned and vulnerable youth, ensuring that your contributions go a long way.
3. **Wholistically Address an Orphans' Needs:** The program encompasses critical areas such as food security, vocational training, & community integration to break the cycle of poverty.

Embracing the mission to support orphans offers a unique opportunity to revitalize your ministry and make a tangible impact on the lives of vulnerable children around the globe. This is both a profound spiritual calling and a practical solution to energize your congregation.

To get involved and learn more about how your church can make a difference, watch our short documentary, [Our Lions of Mozambique](#), or visit our website at f4o.org.

Together, we can create a lasting change and fulfill our biblical mandate to care for the orphaned.
